SPECIFICATION SHEET

RENALDE HAND FORGED ALUMINUM BITS

Here are some of the famous "Renalde" Hand Forged Bits (not cast). These bits are as stout as steel and are guaranteed unbreakable. They are light and easy on the horse's mouth and have less reaction to frost than steel bits. These bits will not rust. Your protection against substitution is the manufacturer's name "Renalde" which is stamped on each bit.

No. 701. Western Standard. 5/18" mouthpiece, 7-1/4" cheeks, with very low port. Hand engraved.

No. 702. Cross Bar. A low port bit with added cross bar. Hand engraved.

No. 706. The Halfbreed. A bit with roller port, rein chains, and cross bar. Hand engraved.

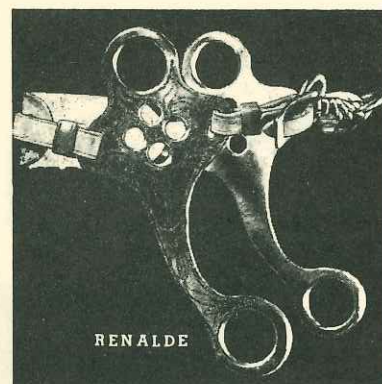

No. 713. The Colorado Beauty. Low port mouthpiece 5-1/8", 8-3/4" cheek over all. Hand engraved.

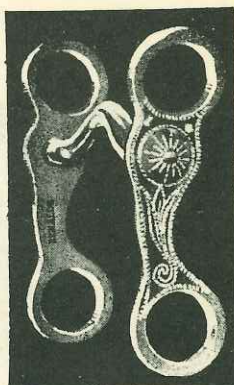

SPECIFICATION SHEET

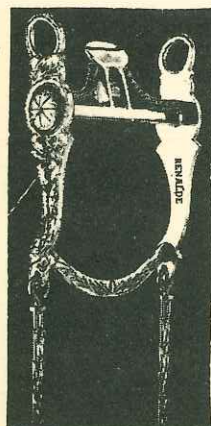

No. 714. Leverage Hackamore Comb. Can be used with or without bar. Sheeplined leather adjustable noseband with combination, adjustable chain and curbstrap. Hand engraved.

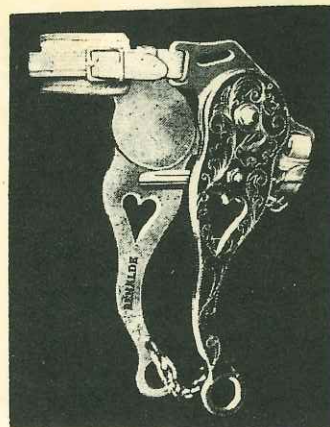

No. 718. The Renalde Hackamore. Adjustable leather noseband, sheep lined. Combination chain and curb strap, adjustable. Plain.

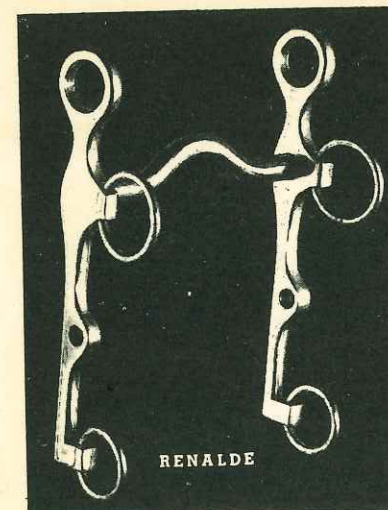

No. 716. Pony bit. 4-1/2" port, 5-1/4" cheek over all. Plain.

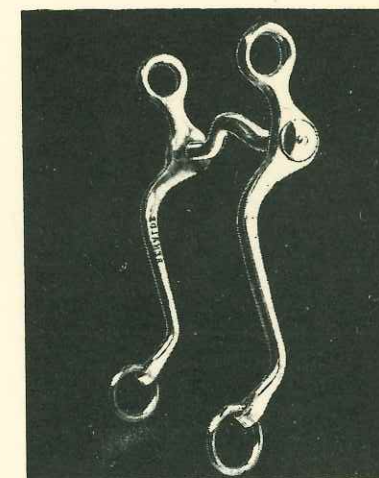

No. 728X. Renalde Halfbreed. Spade mouth bit with copper ring wiring from spade to cheek; cross bar and rein chains. Hand engraved.

SPECIFICATION SHEET

No. 729. The 'Pelham'. Two rein English bit with a 5-1/4" mouth. Plain.

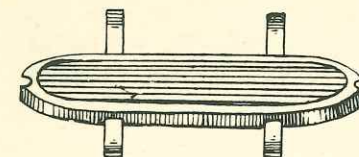

No. 732. The Nevada. Medium port, loose rings and long, slender curving cheeks. Plain.

No. 800. Snaffle or Bradoon Bit. Light weight aluminum, 1-3/8" rings and 5" mouth.

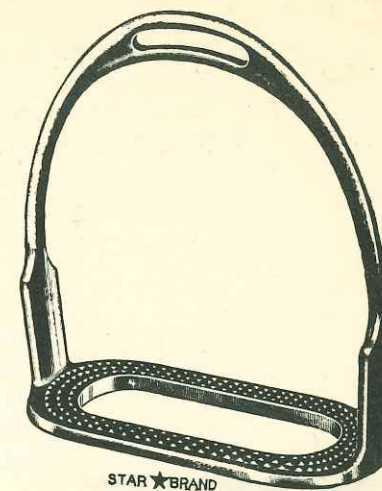

SPECIFICATION SHEET

WALLACE STIRRUP PADS

Made of heavy corrugated rubber with metal bands.

STAR BRAND

No. 249. Star steel silver, 4-1/4", 4-1/2" or 4-3/4".
First quality.

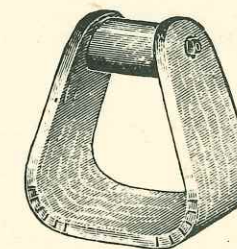

COVERED STIRRUPS

No. 1150. 3" russet

No. 1155. 4" russet

No. 1165. 2-1/2" boys' russet

No. 1160. 5", army style, russet

WOOD TEXAS STIRRUPS

No. 10 - 4" wood Texas stirrups.

No. 16 - 2" ox bow.

No. 11. 2-1/2" boys.

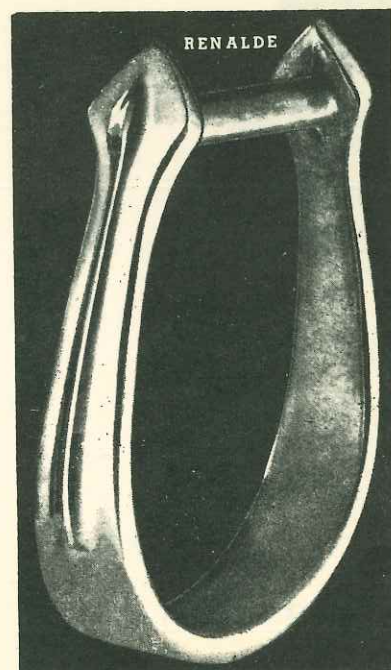

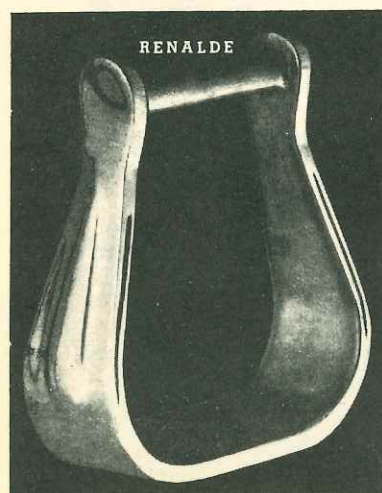

SPECIFICATION SHEET

RENALDE'S LIGHT WEIGHT STIRRUPS

The use of aluminum stirrups is becoming more popular every day. They have many advantages over other stirrups being light in weight, strong and durable and good-looking, having the appearance of silver or nickel. These stirrups will not bend to crush the rider's foot, but will crack and break under terrific strain.

No. 18A. Visalia Aluminum. 2" tread, 3-1/4" neck.

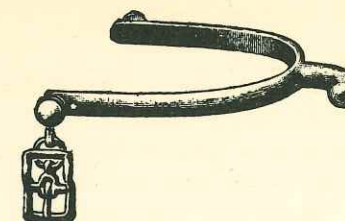

No. 13A. Ox Bow Aluminum. 1-1/4" tread, 3" neck.

SPECIFICATION SHEET

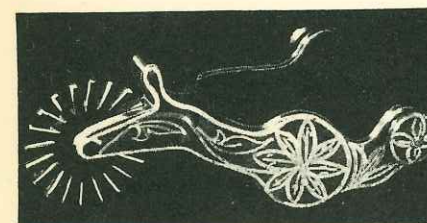

ARMY SPUR

Dress spur. Solid nickel.

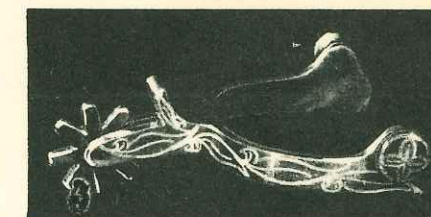

RENALDE ALUMINUM SPURS.

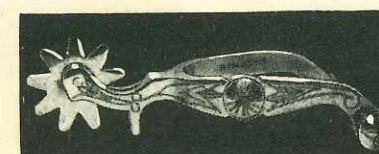

Renalde Aluminum spurs are milled from forged aluminum bars. These spurs are non-rust, unbreakable, stronger than steel and are one-half the weight of steel. These hand-forged spurs are guaranteed not to break in ordinary use.

No. 600-E. The California. Solid button, large concha shank with chap guard. Hand engraved.

No. 602. The Texas Ranger. Solid button, narrow shank and chap guard. Plain.

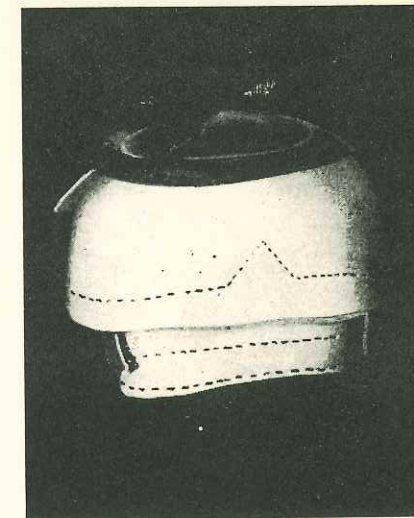

No. 605-E. Hand engraved. A beautiful light weight spur for ladies.

SADDLE HORSE QUARTER BOOTS

New improved hinge - in natural color leather or white Leathercote, a patented process.

No. 100	Quarter Boots Med. Natural
No. 101	Quarter Boots Med. White
No. 101x2	Quarter Boots 12 oz. Med. White
No. 100x4	Quarter Boots 14 oz. Med. Natural

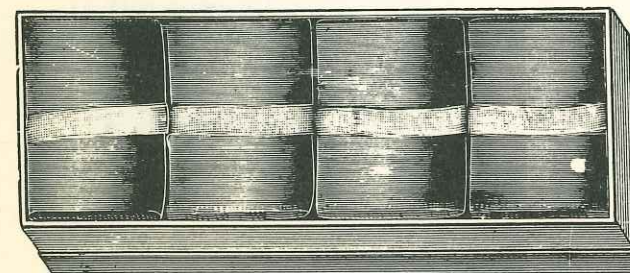

Rubber Bell Boot

No. A-12. The roll is turned over just far enough to eliminate chafing, and to avoid grabbing it with the shoe. It is so designed that the roll will give with every movement of the foot and the horse can fold with comfort, a great advantage when used in training or racing. Made of pure gum rubber, very elastic.

OHIO - Not turned over.

Bandages, Derby

No. 108 - 3 yds. white

No. 4 - Bandage Pins.

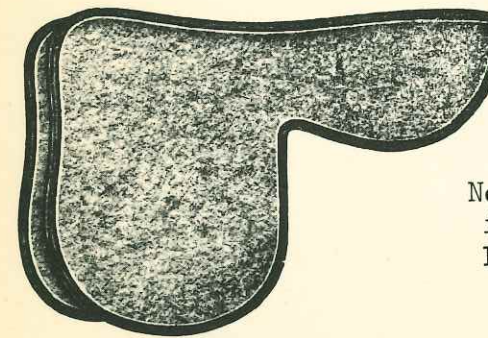

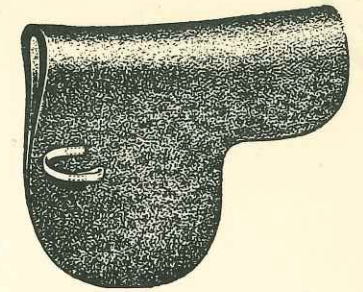

No. 10 - Bandage Pins
